

Leah Sanders

OBJECTIVE

To pursue a position in education where I can use my passion for children's learning, together with my skills and experience, to enable my personal development as an educator.

EXPERIENCE

My experience as a STEM enrichment instructor, substitute teacher, and Title 1 teacher have allowed me to develop the management skills necessary to succeed in a diverse learning environment.

2020

Simi Valley Unified School District

As a Title 1 teacher I work with small groups of ELL and ES students to increase performance in literacy and mathematical understanding and fluency. I work collaboratively with the Title 1 team, and grade-level teachers, to plan, implement, and assess instruction.

2019

Moorpark Unified School District

As a substitute teacher I implemented lessons and managed classrooms across disciplines and grade levels. I collaborated with other educational professionals, followed the lead of the primary teacher, and supplemented my own lessons and management style as needed.

2015 - 2019

Play-Well Teknologies

Instructor/Interim Assistant Manager

As a member of the Play-Well Team my primary role was lead instructor. As an instructor, I developed and implemented classroom curriculum and management to provide students with a safe, educational, and enjoyable learning experience. I've received training in STEM engineering, robotics, and arts and architecture courses.

EDUCATION

2015 – 2019

University of Phoenix

Bachelor's Degree in Liberal Science

2020 – Present

University of Phoenix

Master of Art in Education/Curriculum and Instruction

Kappa Delta Pi: International Honor Society in Education

Member #1469691

The National Society of Collegiate Scholars

Inducted 1/28/2019
